### Conferences & church meetings

Dr. Kluane is a highly experienced keynote speaker. She works with hundreds of churches worldwide. She has a way of making the seemingly complex, easy to understand. These miraculous services are Spirit led, fast-moving, informative, enjoyable and entertaining. Each ministry is fresh and customized for your particular requests and needs.

As a highly focused preacher, author, speaker, coach and consultant, she is dedicated to helping Christians tap into their enormous potential and increase their sense of direction, confidence, and ability to tap into the supernatural.

Dr. Kluane is considered one of the pioneers in the arena of preaching about the THIRD DAY and "the finished work of redemption" that enables the believer to become fully whole -- NOW, in this lifetime... Her articulate expression uncompromisingly challenges the Body of Christ to realign and move into greater Truth. Although many of the writings of this ministry challenge the present mindset of the religious systems, our heart is to uphold, honor, and support the boundaries and platforms of the local church and local pastor. When speaking at your place, WE WILL NEVER VIOLATE YOUR PREFERENCES on TOPICS. This ministry is bound to the integrity of the local church and pastor. We are a trustable ministry and stable proponent of the Word and scholarly presentation.
